

Lift'n Buddy Powered Lifting Hand Truck

Powered Lift Capability...2-Wheel Truck Simplicity

Lift'n Buddy LNB-2 Elevating Hand Trucks make transporting and lifting items faster, safer and easier in any work environment. They combine the lifting capabilities of a small powered stacker with the convenience, versatility and simplicity of a 2-wheel hand truck.

At the touch of a button, the LNB-2's powered, adjustable height platform positions loads at a comfortable height to eliminate bending and stretching when loading, unloading or moving items from one level to another. Built on a lightweight, durable aluminum frame with powder coat paint finish, the LNB-2 is extremely maneuverable and can lift loads of 200 lbs. up to 37". The LNB-2's lift mechanism incorporates a timing belt drive that is quiet and quick with a lifting speed of 4" per second. Two maintenance-free 12V rechargeable batteries provide ample power.

As simple to use as any 2-wheel hand truck.

Base legs allow the LNB-2 stand even when loaded and raised.

Ergonomic handle with lifting and lowering thumb switch.

Platform slots for securing loads with bungees or straps.

LNB-2 Improves Worker Productivity and Safety

The Lift'n Buddy LNB-2 is an invaluable tool for store employees. Its 200 pound capacity allows it to handle a wide variety of heavy items found in manufacturing, warehousing, retail, and office environments. Use it for a range of jobs including: loading/unloading rack and shelving, building displays, retrieving items from back rooms, placing items on workbenches, loading/unloading trucks and vans and more.

The LNB-2 is also a great customer service tool that can enhance a shopper's overall experience and the store's reputation. Use it to bring items that won't easily fit in shopping carts to the checkout aisle, then go the extra mile by delivering the goods right to the customer's vehicle. LNB-2's powered lifting capability simplifies loading truck beds, hatchbacks and trunks.
